

CALDER HOUSE SCHOOL

Thickwood Lane, Colerne, Near Chippenham, Wiltshire, SN14 8BN

We are enormously proud of our results and the progress that pupils achieve during their time at Calder House.

We always publish the data of every child who leaves us over the course of each academic year. This data records progress in terms of academic achievement. The figures for the children who left Calder House over the course of the year 2016-2017 show that the “average” child spent 6.8 terms with us – equivalent to 27 months. During this time their Reading Comprehension score increased by an average of more than 41 months. It is also worth remembering that some pupils had stopped making any measurable academic progress before joining Calder House.

What this data does not record is the equally important progress pupils make towards becoming confident, independent learners. To view this, we invite you to visit our school.

Child	age on entry	Terms at CHS	Reading Age on entry (Schonell - single word)	Gain in Reading Age (Schonell)	Reading Age on entry (Neale: accuracy)	Gain in Reading Age (Neale: accuracy)	Reading Age on entry (Neale: comprehension)	Gain in Reading Age (Neale: comprehension)	Spelling Age on entry (Schonell: spelling)	Gain in Spelling Age (Schonell: spelling)	End of Keystage SATS*

Over the course of the year to July 2017, our leavers went on to join the following schools: Bathwick Primary; Colerne Primary; Hardenhuish Secondary (x3); Malborough Primary; Malmesbury Secondary (x2); The Mendip School; Monkton Prep; Monkton Senior School; Ralph Allen Secondary; Shapwick; Waldergrave Secondary; Westonbirt Senior (x2); St Laurence Secondary (x2). We have not included the details of which school individual children joined in our results table (above) in order to protect pupils' anonymity.

Notes:

- The (+) symbol indicates that the child has achieved a reading age beyond that which can be measured by the assessment – i.e. an “adult” reading age. In the Schonell assessment this indicates a reading age of more than 12 years and 6 months; in the Neale assessment this indicates a reading age of more than 13 years.
- * The scores given are the scaled scores achieved by pupils in each of their Y6 SATS exams. A score of 100 indicates that a child is working at the expected standard set by the DfE for each test. Please note this is not the same as the national average. Across the entire country only 71% of pupils met the expected standard in reading; this figure was 75% maths and 77% in SPAG.
